

The AABSS JOURNAL

Peer-Review Form

Mandate

The AABSS Journal exists for the purpose of providing a peer-reviewed forum for scholars, researchers, students and administrators who conduct original research. Among its objectives is the dissemination of top-quality scholarship. Articles in the *AABSS Journal* relate to all areas of the social and behavioral sciences with particular focus on applied research, practice concepts, education, administration, training and evaluation. In all cases, authors must account for the implications of their research in at least one of these areas of social and behavioral sciences.

Recommendations

Accept the manuscript for further consideration as a publication to the journal provided the following minor revisions to the manuscript are addressed.

Significant revisions/editions necessary: Please provide a detailed description of the areas where the manuscript demands that the author further interrogate, re-conceptualize, and / or revise the nature of the analysis and presentation.

Unacceptable for publication to the journal: Please include the rationale that led to your determination of the manuscript's unsuitability for publication to this journal in its current form.

Comments to the Author:

The *AABSS JOURNAL*

Dear Colleagues,

the success of this peer-reviewed publication depends on **YOU!**

We would like to extend an invitation to you to serve as a Reviewer for the *AABSS Journal*. It would be most ideal if our membership in this Association could determine and guide the dissemination of the top-quality research that brings us to this annual conference. We are inviting you to share thoughtful critiques and recommendations about manuscripts deemed worthy of peer-review.

Reviewers will receive only electronic “blinded” copies of manuscripts that have been pre-screened and selected by the editors to proceed to the *AABSS Journal* peer-review process. Your identity will remain anonymous to the author of the manuscript. Reviewers will also receive, as a separate electronic attachment, a copy of the Peer Review Form. Reviewers will be asked to complete their reviews in 4 to 6 weeks. When possible and/or necessary, the editors will attempt to align your self-identified area of interest to the topic of the manuscript under review.

If you are interested in reviewing, please provide the following information:

1). **Name:** _____

2). **Position & Institutional affiliation:** _____

3). **Email & Phone Number:** _____

4). **Publication Record** (# of publications in peer-reviewed journals/texts): _____

5). **The number of reviews you are willing to complete annually:** _____

6). **Preference for a particular area(s) of social and behavioral sciences** (circle the ones that are most applicable):

Applied research
Practice concepts
Education
Administration
Training and evaluation

Thank you for the service to our membership, and for your commitment to this Association.

Lorenzo Cherubini & Carl Renold, Editors
